DIGESTIVE ENZYMES

A Digestive Enzyme Supplement to Support Digestive Tract Function and Nutrient Absorption.*

Digestive Enzymes is:

- One of the most comprehensive enzyme supplements available today.
- A broad-spectrum multiple enzyme formulation that contains 7 digestive enzymes along with ox bile, pancreas substance and betaine hydrochloride.

Digestive enzymes are beneficial for:

- Geriatric individuals (as we age, enzyme secretion decreases)*
- Those with jaw or teeth problems (improper chewing of food decreases enzyme secretion)*
- Those experiencing occasional stress*
- Those who eat a lot of fried, grilled or baked foods (foods prepared at high temperatures for long periods of time lose naturally occurring enzyme activity)*
- People with deficient digestive enzymes (those who lack digestive enzymes are more prone to digestive problems)*
- For use as a proteolytic enzyme supplement*

Digestive Enzymes places special emphasis on proteolytic enzymes, so that it can be used not only for digestive support, but also to support comfort and provide building blocks for tissues.*

Digestive Enzymes are secreted along the G.I. tract and are essential to the breakdown of foods, enabling nutrients to be absorbed into the bloodstream for use within the body.

Each enzyme in Digestive Enzymes works on a specific substance in the body.

- **Lipase enzymes** help digest and assimilate fats.*
- **Protease enzymes** including bromelain, pepsin, trypsin and papain all digest proteins into smaller units (peptides and amino acids) for better absorption and utilization.*
- **Ox Bile** aids in fat digestion by emulsifying fats in the small intestine for fat absorption.*
- **Amylase enzymes** breakdown carbohydrates.*
- **Cellulase enzymes** digest fiber.*
- **Betaine Hydrochloride** provides a source of hydrochloric acid, which is not considered a digestive enzyme, but is necessary for the proper function of enzymes.

Enteric coated

- This tablet is enteric coated to ensure the proper release of the enzymes in the body at the proper digestive interval.

Suggested Use: As a dietary supplement, take one tablet with each meal, or as directed by your healthcare practitioner.

Supplement Facts

Serving Size 1 Tablet
Servings Per Container 90

Amount Per Serving	% Daily Value
Calcium (as Ca Sulfate) 50 mg	4%
Pepsin (3,000 FCC/mg) 50 mg	*
Bromelain (120 GDU/g) 50 mg	*
Ox Bile 30 mg	*
Pancreas Substance 200 mg	*
Papain (2,000 USP/mg) 50 mg	*
Pancreatin (8x) 50 mg Yielding: Protease (200 USP/mg), Amylase (200 USP/mg), Lipase (16 USP/mg)	*
Cellulase Enzymes (4,000 CU/g) 10 mg	*
Betaine Hydrochloride 100 mg	*

*Daily Value not established.

Other ingredients: microcrystalline cellulose, vegetable stearate, stearic acid, croscarmellose sodium, silica, enteric coating (hydroxypropyl methylcellulose, propylene glycol, triacetin, methacrylic acid copolymer).

Warning: If pregnant or nursing, consult your healthcare practitioner before taking this product.
